## Technipaq Opens New Warehouse Facility in Cary, IL

### *Larger Facility Expands Technipaq's Role as Flexible Packaging Industry Leader*

**Crystal Lake, IL** – Technipaq Inc., one of the premier manufacturers of flexible sterilizable packaging materials for the medical device, diagnostic, healthcare, food and pharmaceutical industries, announces the opening of a new warehouse facility at 685 Industrial Drive in Cary, IL. The new 45,000 square foot facility will be used for warehousing, distribution and raw material storage. This additional 45,000 square feet gives Technipaq 100,000 square feet of manufacturing, warehouse and office space, and will provide the company with increased production capabilities in their Crystal Lake, IL manufacturing facility.

### Technipaq's new warehouse facility in Cary, IL

"We need to maintain large inventories of all our raw materials and products, to make sure that our customers' orders are available for immediate delivery" said Brian Rosenburg, Technipaq's Vice President of Sales and Marketing. "The new building will help us continue to offer our clients fast turnaround and short lead times."

Technipaq is an ISO 9001/13485 certified manufacturer of flexible packaging for healthcare and specialized industries. Technipaq's Crystal Lake, IL, manufacturing facility handles the laminating, slitting, sheeting, diecutting, fabricating, and flexographic printing of pouches, lids and rollstock produced in a variety of sizes from foil, film, Tyvek® and paper laminates.

Since 1984, Technipaq Inc. has been supplying innovative packaging solutions for the medical device, diagnostic, and pharmaceutical industries, with quality, innovation, flexibility and exceptional customer service. No job is too small or too large for the experts at Technipaq to find the perfect high quality packaging solution at the best possible price. In addition to maintaining stock sizes of pouches and bags for immediate shipment, Technipaq produces custom sizes and configurations of pouches, bags, rollstock and lidding, in large or small runs, printed up to 8 colors or plain.

For further information, contact Technipaq, Inc. at 975 Lutter Drive, Crystal Lake, IL 60014. Phone: 815.477.1800 Fax: 815.477.0777. [www.technipaq.com](http://www.technipaq.com)
